MAINTENANCE

Use an approved wood flooring cleaner to keep your floor in good condition. Use of conventional, domestic cleaners may permanently damage your floor's finish.

Never clean your hardwood and laminate floor with a wet mop or cloth. Water and wood are natural enemies. It is recommended to use a damp mop to clean surface dirt.

For stains and heel marks, use a damp cloth with an approved cleaner.

For more stubborn stains, such as adhesives, nail polish or oil, we recommend that these be removed with acetone or other alcohol-based solvents using a dry cloth

To eliminate the presence of solid particles, such as sand or other grit that may damage and/or scratch your floor, we recommend you pass a broom or vacuum frequently.

Do not wax or polish your Golden Elite™ floor; the finish of your floor will lose its lustrous quality.

Place protective felt pads underneath your furniture to protect your floor. Clean the felt pads regularly and replace it when necessary.

When moving heavy furniture (fridge, piano, etc.), place a thick rug underneath furniture legs before moving.

Please visit our website for complete information regarding our floating flooring, installation and warranty.

BEFORE INSTALLATION

Please read all instructions CAREFULLY before you begin installation. Improper installation will void warranty.

Your laminate flooring MUST be allowed to acclimate to the environment of the installation area. Leave the closed packages in a horizontal position in the room for 48 hours prior to installation.

Preferable temperature should be approximately 17-23 C (62-73 F) with a relative humidity of 45-60 percent. Humidity should never be allowed to drop below 30% as this may cause gapping.

WARRANTY

This Limited Warranty is made by Manufacturer and is limited to Golden Elite FLOATING FLOORS® Laminate Flooring. Manufacturer warrants to the original purchaser that the surface wear layer on Golden Elite FLOATING FLOORS® shall not show wear-through, staining or fading due to sun or artificial light for a period of 25 years from the original date of purchase when used under normal conditions in a dry, indoor, residential building.

The surface wear must be readily visible from a distance of 6 feet, measuring at least 1 square inch. Wear-through at the edges of Golden Elite FLOATING FLOORS® is excluded from the warranty. Gloss fading is not wear-through.

Golden Elite FLOATING FLOORS® must be installed following the recommended installation instructions and with accessories, which have been approved by Manufacturer. All Golden Elite FLOATING FLOORS® panels must be inspected for possible, recognizable defects before and during the installation as any right to claim under warranty becomes invalid after panels with visible defects have been installed.

This warranty applies only to the original purchaser of Golden Elite FLOATING FLOORS® and is not transferable. Warranty claims can only be accepted if the goods were delivered by the dealer in the original packaging.

In the event of a claim meeting the conditions of the Manufacturer 25 Year Limited Residential Warranty, Manufacturer will provide the dealer with materials free of charge to repair or replace the defective Golden Elite FLOATING FLOORS® panels. This does not include labor costs. If the product for which a claim is no longer available, the customer shall be able to choose from Manufacturer's current product range of equal value. Manufacturer warrants repaired or replaced products for the remainder of the original warranty period only.

The above are the consumer's sole and exclusive remedies for claims under this warranty. Manufacturer reserves the right to inspect the installed Golden Elite FLOATING FLOORS® panels and to remove samples if needed for analysis.
